Conjure up an image of a tropical paradise and you can picture the stunning east coast of Pahang, Malaysia. The quiet rustle of swaying coconut palms gently leaning over endless stretches of golden sun-kissed beaches bathed by long, rolling white-crested surf. All this under an azure blue sky peppered with clouds of cotton...in this idyllic setting, on Teluk Chempedak beach is a magical place called Hyatt Regency Kuantan.

The rustic charm of Malaysian hospitality begins with a celebration of traditional "Kampong" or Malaysian village architecture. Under the deep, rich native wood beams of the spacious atrium lobby, the sound of a waterfall and your first panoramic view of the South China Sea, your jaded city soul palpably eases into tranquility. The Hyatt experience begins...

The Regency Court has five floors of exclusive hotel living. Four suites, 91 Regency Club rooms and a Regency Club Lounge for the exclusive use of Regency Club guests. Regency Club rooms are stylishly appointed with the discerning traveller in mind. Designed for privacy, guests are pampered with the efficient, discreet service of the Regency Club concierge. The Regency Club Lounge extends to its guests daily complimentary continental breakfast, evening cocktails and canapés. The lounge also offers business travellers semi-private meeting areas.

Subtly and tastefully decorated in soft tropical hues, the spacious pool and sea view deluxe rooms each boasts a private balcony, coffee/tea making facilities, bathroom with bath and shower, mini-bar, colour TV, in-house video service and IDD phone system.

These spacious suites in the Executive Wing extol a distinctive Malaysian flavour. From the living room to the bedrooms, paintings by talented local artists grace the walls while the furniture is crafted from natural native woods. These one and two-bedroom suites are literally an elevator ride away from our business centre, meeting and function rooms and the ballroom.

The Meranti Ballroom is the perfect venue for conferences, meetings, special dinners and cocktail parties. Lit by a gorgeous ceiling motif of crystal chandeliers, this pillar-free two-storey high ballroom accommodates up to 450 guests and can be configured into two smaller function rooms. From the hand-printed fabric walls to the carefully selected menus, the Meranti Ballroom provides you world-class facilities and the distinctive service synonymous with Hyatt.

Five smaller meeting rooms, named after indigenous trees, are perfectly designed for smaller occasions. Chengal and Nyatoh are two boardrooms, each able to accommodate up to 20 persons for meetings. Ramin I, Ramin II and Ramin III can also each take up to 25 people or they can be joined for medium-sized events.

The Kampong is an absolute delight. Breezy, relaxing and built on stilts right on the beach, it boasts a panoramic view of the South China sea. If you have a taste for the exotic, the menu serves everything from delicious light snacks to sumptuous east-west buffets daily from 6 am. to 2 am. The Pizzeria - an extension of the Kampong Restaurant - serves piping hot, freshly baked pizzas for lunch and dinner. The hot tip: order yourselves melt-in-the-mouth pizzas when you want a snack by the pool or beach.

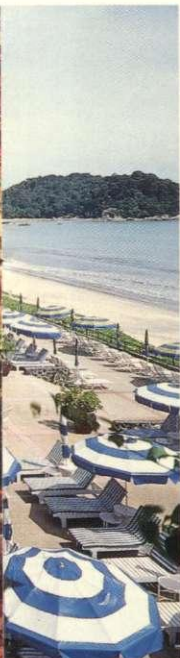

The Italian Bistro, like a beautiful sunny water colour painting with its Southern Italian decor, is made for lovers. It offers diners fine Italian cuisine and a stunning view of the sea. Yue Yuen Chinese restaurant is the latest culinary addition to Hyatt Regency Kuantan's stable of fine restaurants. Let your taste buds dance to the delicate flavours of Cantonese and Szechuan cuisine. If it's entertainment you want, then the Cocco Loco Fun Pub is your after-dinner venue where you can bop till you drop to the pulsating rhythms of the resident live band.

Hyatt Regency Kuantan spares nothing to enhance your tropical holiday. Stretch out on the sun-decks of 2 aqua-violet swimming pools, or swim right up to the Poolside Bar for a cool, exotic cocktail.

The Sampan Bar is a unique experience, originally a refugee vessel which was purchased by the hotel and the money donated to the United Nations Vietnamese Refugee fund. Permanently "anchored" on the beach front, the Sampan Bar offers you a wide choice of ice-cold beverages and cocktails.

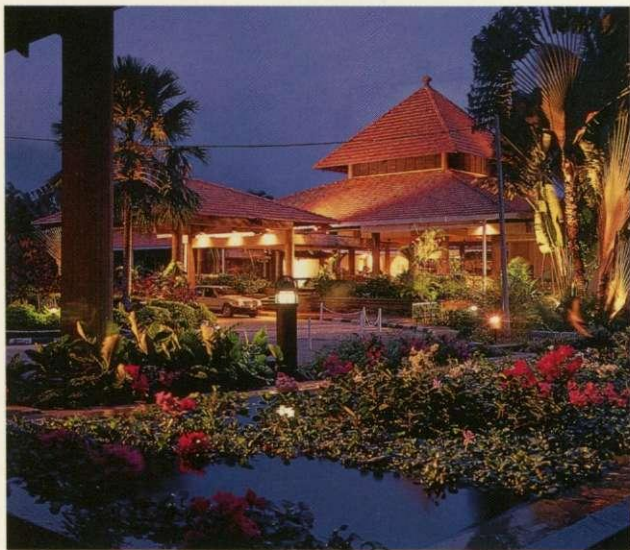

The Marina Watersports Centre provides thrill seekers an exciting choice of activities - jet biking, water-skiing, wind surfing, canoeing... and that totally fun "banana boat" ride! Newcomers who want to experience the wet and wild can have quick comprehensive lessons from our watersport professionals. The centre opens from 9 am to 6.30pm.

The Sports Club offers 3 floodlit tennis courts, 2 squash courts, table tennis, darts and even volleyball. Workout aficionados can put themselves through the paces jogging, doing a beach run or jungle trekking.

Guests who want a game of golf at the Royal Pahang Golf Club need only call the Pro Shop for bookings.

The first-time visitor to Kuantan may underestimate the quiet demeanor of this seemingly sleepy town. But natural treasures abound...the breathtaking views of Lake Chini, the limestone caves of Panching, the cascading Pandan Falls and that special moment watching the giant leatherback turtle building its nest and laying its eggs...But why spoil a wonderful surprise? After all, every stay at Hyatt Regency Kuantan is a journey to discovery.
